## ----- I N T R O D U C T I O N -----

On Dec. 1, 1938 the publication of Trails Magazine was ordered discontinued by the County's Chief Administrative Officer. The Los Angeles County Department of Recreation and Playgrounds, which had sponsored The Mountain League of Southern California, was consolidated into the County Department of Forestry. Thereafter no funds were allocated for the continuance of this publication after the Spring, 1939, issue.

In 1941 The Southern California Outdoor Federation was formed. They issued only two numbers of Trails Magazine. Due to War conditions it seemed advisable to discontinue publication.

In response to many requests for an Index and list of Contents to Trails Magazine this is hereby submitted.

-----

Because of the particular way these Trails Magazines were published it has seemed well to list INDEX under Volume - Vol. No. - No. Page and Book Page for easier reference. The Book Page refers to consecutive numbering of complete set.
